1st FEBRUARY to 15th MARCH 1959**

or until further notice

**REVISED TIME TABLE TOGETHER WITH A NOTE
EXPLAINING THE NECESSITY FOR ITS
INTRODUCTION**

SPEEDING THE TRACK WORK TO SPEED THE TRAINS

A few months ago I issued a pamphlet entitled "The Shape of Things to Come for Suburban Travellers from King's Cross". Our customers generally seem to have welcomed this for what it was—an attempt to tell them of our intentions for the future.

Now I want to tell travellers on the King's Cross to Hertford North Branch a good deal more in detail of what we propose to do in the next few months.

As I have said, we intend to introduce a much improved service when the Summer Timetable operates from June. This will become possible with the use of the new diesel locomotives and diesel railcars.

Here are some of the highlights:—

1. Additional trains between Hertford North and London in the peak hours.
2. Accelerated timings—Hertford North passengers benefit by as much as ten minutes on certain trains.
3. Skip-stop services in the peak to avoid calling at all stations.
4. A regular half-hourly service off peak (one service per hour non-stop between Finsbury Park and Wood Green).

When we had prepared this Timetable it was obvious that, although we were giving considerably improved timings, the best possible results could not be achieved unless the permitted speed for trains over the branch could be raised from the present 40/50 m.p.h. To obtain this increased speed limit entails extensive work on the track and on ballast cleaning and drainage (which, in any event, would be needed before our ultimate aim—electrification—could be introduced). This would normally be undertaken over a period of more than 18 months accompanied by the usual Single Line Working, Speed Restrictions, etc., etc., and would obviously prevent the public deriving full benefit from the new diesel services. This we felt would be keenly resented by our passengers.

We have, therefore, decided to take bold measures which will involve inconvenience to some passengers in the knowledge that by so doing we shall drastically curtail the total time necessary to complete the work and avoid interrupting the diesel service once it is introduced.

In making our decision we have been guided by the very great improvement in Productivity which the Engineering staff can obtain if they and their machines do not constantly have to stop work in order to allow the passage of trains. We have, therefore, arranged to place at the Engineer's disposal sections of track which will enable him to work under the quickest possible conditions.

The following pages show the altered train service from February 1st which these plans will necessitate. It will be seen that to avoid inconvenience to the majority, we have

1. retained through train services to cater for passengers in the Up morning and Down evening peaks (mid-day peak on Saturdays).
2. utilised bus services to carry passengers travelling off peak or against the peak flow, thus enabling the train services to be withdrawn completely for long periods between certain stations as shown in the Timetable.

We shall first concentrate the Engineer's work on the section Wood Green to Crews Hill which should be completed by late March, after which the equipment and staff will be concentrated in the section Crews Hill—Hertford North.

By approximately the end of May we expect to have raised the speed limit over the whole section Wood Green to Hertford North to 70 m.p.h. with one or two small exceptions.

With the service commencing next September we confidently hope to improve the overall timings still further, as we should by then have had adequate experience of the new form of traction and have reduced the remaining speed restrictions to a minimum. We shall then be able to take full advantage of the permitted maximum of 70 m.p.h.

Work at week-ends will, however, continue for a period and will prevent our week-end schedules from immediately reflecting the improvement which the weekday service will show.

May I appeal to you to put up with any temporary inconvenience which you may suffer as a result of the plan we have decided to adopt and assure you that we have only decided upon it after carefully assessing the overall position. We have tried to plan with a view to avoiding inconvenience to the majority. The result will be the completion of the greater part of the work by June this year instead of involving a protracted period of Engineering Work extending up to two years in duration with all the resulting delays, etc., which accompany such work.

G. F. Huskisson,
Traffic Manager,
(King's Cross).

The following notes are for your guidance:

1. Interavailability of Tickets and Season Tickets with L.T.E. (Railways) and other Eastern Region Services.

Season tickets, Ordinary, Day Return and Early Morning tickets available between King's Cross or Finsbury Park and Bowes Park will be available on the L.T.E. Piccadilly Line between King's Cross or Finsbury Park and Bounds Green except during the time when through train services are operating on the Hertford (North) Branch, British Railways. Similarly, the same types of ticket available between Palmers Green and Finsbury Park or King's Cross will also be available on the L.T.E. Piccadilly Line between King's Cross or Finsbury Park and Arnos Grove except during times when through train services are operating on the Hertford (North) Branch, British Railways.

Season Tickets, Ordinary, Day Return and Early Morning tickets available between Hertford North or Enfield Chase and King's Cross, Broad Street, intermediate stations York Road to Moorgate inclusive will be available between Hertford East or Enfield Town and Liverpool Street for through journeys only.

2. For your information the following are the telephone numbers of your local stations who will be pleased to answer questions arising from the altered timetable:

King's Cross	Terminus 4200
Finsbury Park	Archway 2012
Harringay West	Mountview 2716
Hornsey	Fitzroy 0033
Wood Green	Bowes Park 3840
Bowes Park	Bowes Park 4760
Palmers Green	Palmers Green 4606
Winchmore Hill	Palmers Green 1201
Grange Park	Laburnum 1231
Enfield Chase	Enfield 1217
Gordon Hill	Enfield 0473
Crews Hill	Enfield 1317
Cuffley	Cuffley 2381
Bayford	Bayford 223
Hertford North	Hertford 2768

or

from any Eastern Region Station or Agent.
