Introducing the

GLASGOW & CLYDE VALLEY

Blue and Green Train Timetable

Within the past year the Scottish Region of British Railways has completely modernised the train service over more than 100 miles of the railways serving the people of Glasgow and the Clyde Valley.

The Blue Trains (Electric) and the Green Trains (Diesel) running over those routes now provide a "pattern" service – i.e. trains timed at regular, frequent and fixed intervals throughout the day.

This new timetable offers you for the first time, and in a handy form, information about the new services as a whole.
